

## Scott® Control Hygienic High-Capacity Tissue

### Use it IN THE STALL or ON THE WALL!

A hygienic bathroom tissue that can also be used for frequent touchpoints in your facility.

The most hygienic bathroom tissue system on the market.

### Hot Spot Barrier

Tissue provides great barrier protection for hot spots like door handles, elevator buttons, and restroom exit doors, etc to provide additional assurance for your employees, guests, and tenants.

### Only Touch What You Take

The interfolded tissue design dispenses single tissue sheets. This combined with the fully enclosed dispenser creates a hygienic dispensing experience, helping to reduce the risk of spreading germs.

### Cost Effective Solution

One-at-a-time dispensing for this high-capacity tissue offers controlled dispensing to reduce usage. The folded format also helps discourage pilferage.

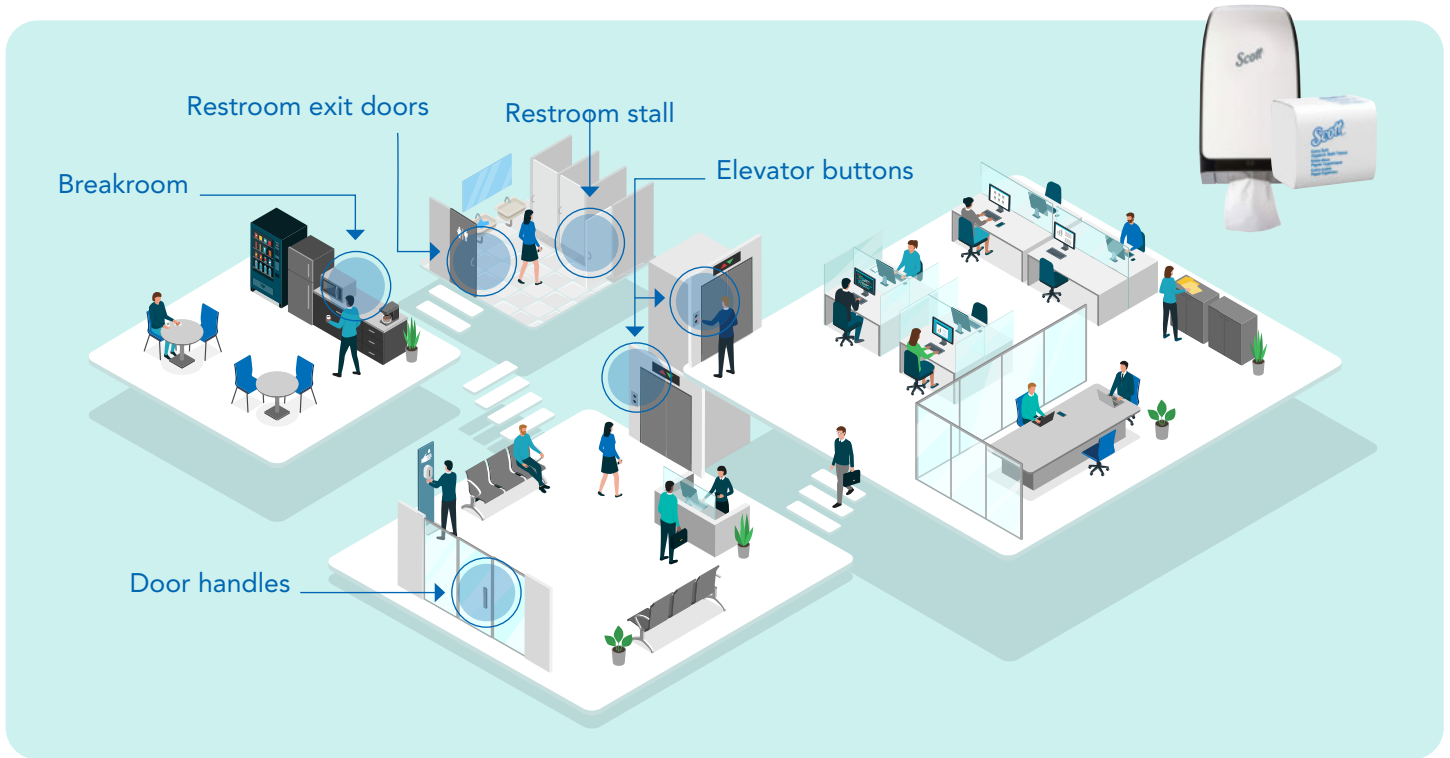

### Multi-Use Solution

Means fewer products to maintain and store, and a common dispenser look throughout your facility.

# Scott® Control Hygienic High-Capacity Tissue

Provides great barrier protection for hot spots.
