

PARTITION EXTENDERS

REMOVEABLE AND PERMANENT PANELS

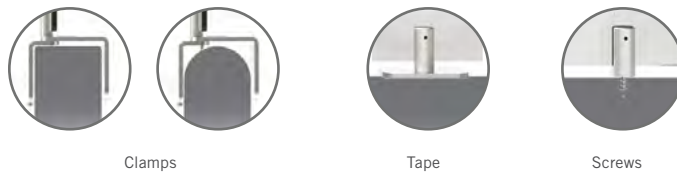

Add height to cubicles and partitions for extra protection, reduced noise, and privacy. As employees return to the workplace, additional height may be required to physically separate employees. Save time and money with partition extenders that are designed to fit most standard panel and cubicle systems from major office furniture manufacturers.

Statement of Line

Features

- Choose between adjustable and removeable clamps, semi-permanent tape, or permanent screws
- Choose from a clear thermoplastic or frosted thermoplastic surface
