Wire Suspension Kit

+ Suspend a hanging sneeze guard anywhere you need physical separation.

Sneeze guards provide a layer of defense to help prevent the spread of coronavirus and other airborne pathogens. These guards are a friendly way to protect your employees, customers, and visitors while still allowing interpersonal interaction.

Wire Suspension Kits

- Mount 3/8" or 1/2" thick piece of material
- Easy screw or drop ceiling mounting options
- Easy-to-follow instructions
- All hardware included for easy assembly

**This kit does not include acrylic or rigid substrate*

Product Benefits

Easy-To-Install. Our kits come with everything you need to install your sneeze guards, including all hardware and easy-to-follow instructions. **This kit does not include acrylic or rigid substrate.*

Customize Divider To Your Needs. Cut wire to your desired length to easily protect employees. Suspend with a gap underneath allowing full access to counters or flush to your counter.

Stylish Hardware Option. Our kits provide you a sneeze guard option that's ideal for any office or work place. The high-quality aluminum and sleek hardware design give you a guard that blends seamlessly with any decor.
