

PERSONAL PROTECTION ECONOMY SNEEZE GUARDS.

Protect employees and customers with acrylic barrier/sneeze guards for service counters. The high-quality, optically clear acrylic maintains a protective physical barrier for customer-facing employees while still allowing for customer/employee interaction.

The barriers come with a 4" X 10" access cut out at the bottom for payment, document, or item exchange.

- Size: 23.75" high X 23.75", 36", and 47.75" wide
- Pass-through Slot: 4" x 10"
- Substrate: Clear Acrylic
- Thickness: 1/8"
- Packed flat
- Comes with easy-to-assemble acrylic legs

Product Benefits

Crystal Clear Protection. This clear acrylic material gives maximum visibility and prevents exposure to droplets. Barriers provide protection from airborne contaminants for both the customer/patient and employee.

Easy Interactions. Designed to include an area with a functional pass-through window, making transactions and interactions as seamless as possible.

Mobile. Freestanding unit is easy to move and position on a variety of counter-tops and desks without surface damage.
